EXPERIENCE

FULL STACK STUDY BUDDIES WEBSITE

<https://starter-kit-0qci.onrender.com>

CODEYOURFUTURE FEBRUARY 2023 - PRESENT

- Developed Study Buddy website to connect students based on availability which helps about 90% of CodeYourFuture students.
- Designed and implemented the Front-end using React, HTML, CSS, and JavaScript, achieving 100% functionality.

- Created the Back-End using Node.js and Express to construct API endpoints with SQL database tables to store user information.
- Paired with team members on weekly sprints for testing and implementing solutions to enhance software products. Maintained daily standups with colleagues for updates and knowledge sharing.
- Integrated front-end and back-end to produce a fully functional website.

QUALITY CONTROL SUPERVISOR

TRIGO GROUP DECEMBER 2022 - MARCH 2023

- Developed and implemented new communication protocols that resulted in a 50% reduction in delays and miscommunication across teams.
- Oversaw employee performance and provided guidance and support.
- Created work instruction sheets for new jobs and maintained updated work data within the first hour of receiving a new job.
- Constant contact with clients for updates and solving issues.
- Developed communication and customer-facing skills.

TEAM SUPERVISOR

Fenous Grill OCTOBER 2019 - APRIL 2022

Working with a team in a lively restaurant, to deliver its best image to customers. My responsibilities also involved:

- Managing staff scheduling and ensuring adequate staffing during peak hours.
- Streamlined order flow by optimising communication channels between the kitchen and wait staff; reduced order processing time by 20% and increased customer satisfaction by 15%.

EDUCATION

FULL STACK WEB DEVELOPMENT COURSE

An 11-month programme on Software development using the PERN Stack (PostgreSQL, Express.js, React.js, Node.js) and Javascript, HTML5, and CSS.
